

2021 Nativity Fast Meal Plan

Helpful Hints

- We have based this Lenten meal plan on the [Greek Orthodox Archdiocese of America](#) calendar which not only indicates fast days, but also daily Scriptural readings and Saints days. This is a wonderful resource that you can use year long, and you can consult the calendar by clicking [here](#).
- The following legend is found on each of the fasting days: B = Breakfast, L = Lunch, D = Dinner, D&S = Dessert and Snack. Each day during the fast we suggest 3 meals and at least one snack and/or dessert idea. Each date is also identified in either Blue, Purple (and underlined) or Red (and underlined) numbers and the significance of each of these colours is found on the calendar page.
- Some menu items repeat within a given week; this is because we anticipate that you will have left-overs or, if you are feeding many, that you will adjust the recipe amount to ensure you have leftovers. This makes meal prep simpler. Because of this, it is helpful to look through the recipes for the entire week, and plan accordingly.
- We have also considered that many of us work out of the house during the day and therefore we have suggested lunches that can easily be packed up and either reheated, or served cold or at room temperature.
- If you click on the menu items which are in blue and underlined, you will be taken directly to the recipe post [on our website](#).
- If you see a menu item with an asterix (*) next to it, this means that the recipe is included in the document *Nativity Fast Recipes*.

A note about oil: You will notice that some recipes contain olive oil, and yet they are included on the meal plan, even on days which are Oil-free. For these recipes you can either replaced the olive oil with vegetable oil, or omit it altogether. In instances where you are to sauté with olive oi (the onions in making fakes for example), sauté in water instead. Consult the document *Staples and Substitutions* for more tips on how to adjust recipes to make them perfect for lent.

- The meal plan can be printed out for easy reference, but is ideally used on the computer where you can directly link to the recipes suggested.
- We will continue to add to our Nistisima recipes during the period of the Nativity Fast; you can visit our website for all of our recipes: www.miakouppa.com
